of the  
**Fellowship of Evangelical Bible Churches**

To assist churches in training their adherents and leaders, the Commission on Education has established an audio-visual lending library.

The acquisitions of this library are made through gifts from Fellowship Churches. Therefore, use of the library is restricted to member churches and, in limited circumstances, individual members of those churches. The only cost is the expense of returning borrowed materials to the FEBC Office in Omaha, Nebraska.

The library is a ministry of the Commission on Education which assigns one member to oversee the library and to recommend future acquisitions. Your recommendations for future acquisition are welcomed by the Commission on Education.

Ten 30-minute Sessions

[www.TrueU.org](http://www.TrueU.org)

*Available from FEBC*

In this first DVD set of the TrueU series, Dr. Stephen Meyer plays a “philosophical survival game,” pitting four worldviews against one another in the quest to decide which one gives the best answers. Dr. Meyer examines the evidence and provides the tools needed for students to defend their faith and make it their own. This is the perfect resource for students preparing to enter college and a culture that may be hostile to their faith. Additional discussion guides can be purchased separately.

10 Sessions: Video length 30 min.

*Available from FEBC*

Many Christians are failing to keep their faith after they begin college or enter the workforce. Focus on the Family's TrueU curriculum offers an introduction to apologetics (a defense of belief in God) that aims to help reverse this trend. TrueU is a valuable resource for youth groups, college campus clubs, Sunday School classes, home-based small groups, homeschools, and individuals who want to strengthen their faith. Visit [www.trueu.org](http://www.trueu.org) to learn more about the curriculum.

This second set in the life-changing DVD series asks, "Is the Bible reliable?" Proven facts and insights from philosophy, cosmology and biology will help you engage intellectually with professors and peers, both in and outside of the classroom. For centuries, intellectuals and critics alike have questioned inconsistencies. Dr. Stephen Meyer examines ancient texts and archeological evidence to build a compelling case for the accuracy of Scripture — and why the Bible is trustworthy.

This DVD series contains a leader's guide and several promotional resources (included on DVD 1) that can be printed and used by churches and small groups. To access the files you must have a DVD ROM drive on your computer.

This series will be appreciated by high school juniors and seniors, college students, and adults.

10 Sessions: Video length 30 min.

[www.TrueU.org](http://www.TrueU.org)

*Available from FEBC*

Who Is Jesus? For over 2,000 years, people everywhere have continued to grapple with this all-important question.

The answer is available — but is often clouded by misunderstanding and mistruth. Unfortunately, this is especially the case on today’s college campuses, where facts are regularly blurred in the name of tolerance and pluralism.

TrueU®: *Who Is Jesus?* is designed to help students and young adults discover the truth about Jesus—for themselves. Dr. Del Tackett, host of Focus on the Family’s “The Truth Project,” is assisted by guest experts Lee Strobel, Gary Habermas, and others. Together they intelligently explore Jesus’s ancestry and prophetic mission; His words, works, and character; His death and resurrection; whether Jesus is the only way to God; and more.

Includes one group discussion guide (also sold separately), as well as a leader’s discussion guide on the DVD (to print out) with questions and exercises to enhance your group’s study experience.

Session topics:

1. The Question
2. The Promise
3. The Prophecy
4. His Life
5. The Death
6. The Resurrection
7. The “God” Claim, Part 1
8. The “God” Claim, Part 2
9. Is Jesus the Only Way?
10. Handling the Questions

Salvation's story begins in Genesis. From there the mystery of God's great plan of redemption continues to unfold throughout Scripture. Yet many people struggle with understanding Genesis, hoping perhaps to pick up the story later in the Bible where it appears to be more in line with history. But the first book of the Bible is real history — the history of beginnings.

“Unlocking the Mysteries of Genesis” is a groundbreaking 12-episode DVD series that explores scientific evidence that confirms the biblical account of creation.

Perfect for Sunday and evening classes and small groups, each 22-minute episode takes viewers of all ages on a memorable journey through some of the most fascinating topics in creation science. This faith-affirming series includes a viewer guide that makes it easy for non-scientists, including pastors, youth leaders, parents, homeschoolers, and others, to facilitate an informed discussion about creation science and equip viewers with defensible answers to some of the most provocative and controversial questions of faith.

## **Restoring the Soul in a Disintegrating Culture**

**Ravi Zacharias**

Copyright © 1996

A 13-Session Video Resource

Francis Schaeffer once described America as a nation with its feet firmly planted in midair. Ravi Zacharias says things have changed since then. Today our feet are firmly planted on a field of ideas mined with explosive theories that have devastated our spiritual and emotional well-being.

The ideas that once guided us have been assaulted, discredited, and revised, leading to the unleashing of evil upon the world. Ravi Zacharias shows how informed and empowered believers can change their world. With wise choices, we can contend for good, and our nation call be restored. But it is essential to understand that renewal begins in the individual human soul. We cannot hope to confront these divisive issues until we understand them in context.

Thanks to his remarkable ability to unpack and clarify complicated concepts, Ravi Zacharias unmasks the illusions about secularization, pluralization, and privatization in American society. This series will help you gain timely focus and a unique clarity of vision. Guaranteed to provoke many fascinating discussions, these sessions will help open the eyes of believers and open-minded seekers alike.

**Session 1                      The Winds of Change**

Ravi Zacharias examines the parallels between Oscar Wilde's *Portrait of Dorian Gray* and our own cultural predicament as he demonstrates the risks in holding a Christian world view: (20 min.)

**Session 2                      The High Noon of Promise**

Nations have dreams, and it is good for the people of every nation to measure those dreams against the reality with which they exist. In this session we look at the dreams we once had, where we are at present, and where we are headed if we continue on our present course. (19 min)

**Session 3                      The Storms of Conflict**

Discover the resources of conflict that have created tension between those who are dedicated to God and those of the surrounding secular culture, who

## *Christian Living*

have grown increasingly hostile to faith. What can we do about it and how are we to engage the culture? (18 min)

Session 4            The Twilight of Decency

We live in a pluralistic society, but if we fail to understand what secularism produces in a nation, we will find ourselves living in contradiction. Our task is to perceive the risks and respond with informed beliefs and biblical understanding (19 min).

Session 5            With Deference for Difference

Even as Rome fell, today we are facing the breakdown of Christendom. In this session, Ravi Zacharias challenges us to put aside the fantasies of a disintegrating world and seek the reality of truth through Jesus Christ (22 min).

Session 6            The Flickering Flame of Reason

This segment deals with one of the most difficult philosophical ideas of our day, the idea that private beliefs can have no public forum. In order to understand the dangers of such a view, Ravi Zacharias examines this concept and exposes its weaknesses (23 min).

Session 7            The Inextinguishable Light of Absolute Truth

How do you distinguish between truth and lies? And how can you know that the claims of Scripture are true? In this session we examine some of the ways various claims to truth may be tested (12 min).

Session 8            Privatization of Belief and the Disorientation of Self

We all hunger for meaning, but too often we live empty lives because our lives lack coherence. Our spiritual hunger must be fed or our lives and our culture will slide to a level of evil that no civilization can survive. Are we up to that challenge? (20 min)

Session 9            Establishing Boundaries

How we read and understand history sets the parameters by which we glean the lessons it offers. As we probe into the past, we will get a better glimpse of evil's long reach and how God shapes the soul even through evil. (17 min)

Session 10          Pulling Down the Fences

The story of Manasseh should be an eye-opener for our age. Through this biblical story and other examples in this session. We learn to deal openly with the problem of evil and to seek deliverance, not only for ourselves, but for our society. (12 min)

Eight 30–40-minute sessions

[www.livingwaters.com](http://www.livingwaters.com)

*Available from FEBC*

Based on the award winning TV series “The Way of the Master” by Kirk Cameron and Ray Comfort, the Basic Training Course is specially formatted to train believers in a group setting to simply and confidently share the gospel with family, friends and strangers.

This eight-session course will teach you to overcome your fears by using a proven, powerfully effective way to make the gospel make sense. You won’t be at a loss for words. You don’t need to be an expert in apologetics. Instead, you’ll learn the forgotten biblical principle of bypassing the intellect (the place of argument) and speaking directly to the conscience (the place of the knowledge of right and wrong) — the way Jesus did.

Using a captivating teaching style, Kirk and Ray not only tell you how to witness, they show you, through fascinating on-the-street conversations with gang members, atheists, cult members, intellectuals, on the beach, in parks, on planes, in malls.

Weekly homework assignments will gradually coax you, step by step, out of your comfort zone to reach your loved ones for Christ. You will be inspired and motivated as you learn, watch, and then do.

The Treasure Principle Workshop teaches the joy of giving. Some Bible studies use guilt as a motivation for giving; this one doesn't. In a dramatic teaching style, this video workshop literally inspires those who watch to learn the principles of giving in a way that causes lasting change.

As you study this book with me, may you be blessed, enlightened, and directed by the good Word of God, the Great Designer of life and all of its delights and joys.

Have you ever looked back over a circumstance or relationship in your life and wondered how it became so messy or difficult? In this series centered in the book of James chapters 4 and 5, we'll define five of the most common lies that have the potential to ruin relationships with those we love. We'll uncover the source of quarreling, how our words wound, how not to make decisions, and why better things don't always make things better.

Together we'll ask and answer "Do wrong beliefs produce wrong behavior?" What we think about life determines how we live it. There is power in knowing and applying God's truth when confronted with these lies and discovering the freedom He longs for us to enjoy in our relationships.
